About Bio-Az

Bio-Az Synbiotics offer a powerful combination of probiotics, prebiotics, and postbiotics to effectively restore balance to the gut microbiome for optimal digestive health and overall wellbeing.

Key Application Areas

Beverages

Snacks

Bakery

Sport Nutrition

Supplements

Sauces

Plant-Based

Confectionery

What Makes It Different?

These revolutionary synbiotic ingredients are specifically designed to survive and stay effective in the most challenging FMCG manufacturing environments - where heat, pressure, pH changes, and long shelf lives often destroy the viability of probiotics.

BIO-AZ SYNBIOTICS

A range of functional synbiotic ingredients, backed by science and suitable for food, beverage, oral, pet, and equine

Gut Friendly | Clean Label | Process Stable
